Letter No. 3258-57/E dated 26-11-1945 from the Chief Engineer for Irrigation

Regarding the appointment of Sub Overseers in the P.W. dept.

1) As laid down in para 2 of annexure to G.O. No. P.W. 5695-57:6 dated 25/29, 1944, the appointments to the Sub Overseers' Cadre should be made by direct recruitment after advertisement, classifying the vacancies into "General" and "Special" in the proportion of 1:3.

The Chief Engineer reports that 18 vacancies under "General" and 54 under "Special" were advertised in 1944. 13 Backward Communities and 9 Brahmin Candidates who applied were appointed. The posts were again re-advertised after the results of the diploma examination of March 1945 were announced and 7 Backward Communities and 10 Brahmin candidates, who applied for the posts, were appointed. As the remaining vacancies, locally available 5 Backward Community and 5 Brahmin Candidates were appointed. Two more Brahmin Candidates were agreed to be appointed as Sub Overseers in March 1945. In all 25 Backward Community and 26 Brahmin Candidates have been appointed so far. The Chief

5) C.E.I. brings to notice that in spite of advertisement only a number of applications from the B.C. Diploma candidates were received to fill up the vacancies. Only 13 B.C. & 9 Brahmin candidates accepted appointment in 1944. For the same reasons in 1945, only 5 B.C. & 15+2 Brahmin candidates could be appointed. As per G.O. the ratio of special to General appointments ought to have been 3:1 but due to paucity of B.C. candidates this could not be kept up last year & year before last. C.E.I. proposes to recruit only B.C. candidates in future until this ratio is reached as soon as such candidates becomes available, in 46. P.S.C. also agrees, as there is no alternative. His views as at (A) supra will be communicated to the C.E.I. for adoption. (6)

to permit the U.P.E.C. for appointing 12 brahmin candidates in special vacancies. At this rate it will not be possible to give effect to U.C.O. on the Mitter Commission report for many years to come. For some reason or other backward community candidates who seek admission into the Engineering school do not easily get admission. The consequence is that there is a dearth of backward community candidates who are duly qualified. I would suggest the matter requires serious consideration of Govt. Better facilities for B.E. candidates have got to be created in the Engineering school. The general qualifications now prescribed for getting admission into the Engineering school may have to be lowered in the case of B.E. students. If there are no facilities for training more students, adequate facilities have to be created for training at least double the number of students.

3. 54 vacancies under Special Class and 18 vacancies under General Class were got advertised in the Mysore Gazette through the Public Service Commissioner. Only the candidates mentioned above applied for the posts in response to the Gazette Notification. The Public Service Commissioner while forwarding the applications intimated that qualified candidates if locally available may be appointed for the remaining vacancies and if such candidates are not available, the vacancies may be re-advertised. As all the candidates came out successfully from the School of Engineering in the year 1944 were offered appointments and as even after advertisement sufficient number of the qualified candidates did not come forward to accept appointments, the remaining vacancies were got re-advertised after the result of the Diploma Examination from the School of Engineering was announced in May 1945.

4. Applications from the following candidates were received and they are all appointed as temporary Sub Overseers.

Back-ward community candidates.

Messrs:-

1.	M.T.Seenaiya,	L.E.E. 1942
2.	G.Rangaswamy,	L.M.E. 1941

15.	R.Krishnamurthy,	Madras Technical Examination.

7. In Government Order No.P.W.5205 dated 20-3-1945, the following Brahmin candidates are appointed as temporary Sub Overseers:-

Messrs:-

1. Mr.R.Sundareshan, B.Sc.
2. M.Ramaswamy.

8. It may be seen from the details noted above, that 25 candidates belonging to Backward communities and 34 candidates belonging to Brahmin community have been appointed as Temporary Sub Overseers. In Government Order No.P.W.5695-5716 dated 25-2-1944, it has been ordered that appointments to the Sub Overseers cadre should be by direct recruitment after advertisement classifying the vacancies into General and Special in the proportion of 1 to 3. For want of backward community candidates, the ratio of 1 to 3 could not be kept up. There are still more than 50 vacancies of Lower subordinates kept unfilled for want of qualified candidates.

To get through the works, experienced Temporary Maistries are being appointed as Work Inspectors strictly adhering to the ratio of 1:3, against the vacancies of Lower subordinates. Even retired subordinates are being re-employed.

9. Under the foregoing circumstances, sanction of Government for having not kept up the ratio of 1 to 3 may kindly be obtained and communicated. As soon as sufficient number of Backward community candidates is forthcoming, preference will be given to them till the ratio of 1 to 3 is reached.

I have the honour to be,
